

DISCRETE 2014: Fourth Symposium on Prospects in the Physics of Discrete Symmetries

Wednesday, 3 December 2014

Parallel 2: Neutrinos mass and mixing, implications for astroparticle physics, dark matter searches (14:30 - 16:10)

time	[id] title	presenter
14:30	[26] Predictions for the Dirac Phase in the Neutrino Mixing Matrix	Mr GIRARDI, Ivan
15:00	[30] Phenomenology of Light Sterile Neutrinos	LAVEDER, Marco
15:30	[109] The NOVA long-baseline neutrino oscillation experiment	TAMSETT, Matthew
