

DISCRETE 2014: Fourth Symposium on Prospects in the Physics of Discrete Symmetries

Wednesday, 3 December 2014

Parallel 5: Strongly Coupled gauge Theories (14:30 - 16:10)

time	[id] title	presenter
14:30	[39] The Yang-Mills vacuum wave-functional thirty-five years later	OLEJNIK, Stefan
15:05	[73] A new method for computing the quark-gluon vertex	AGUILAR, Arlene Cristina
15:40	[58] Negative-Frequency Modes in Quantum Field Theory	Dr MILLINGTON, Peter
