

Session Program

2-6 Dec 2014

DISCRETE 2014: Fourth Symposium on Prospects in the Physics of Discrete Symmetries

Parallel 7: Supersymmetry, Supergravity, Strings and Branes

King's College London, Strand Campus, Great Hall and several lecture theatres
Strand London WC2R 2LS UK

Wednesday 3 December

14:30

Parallel 7: Supersymmetry, Supergravity, Strings and Branes

Session | **Location:** S7.06 7th floor Strand Bldg.

14:30–15:00 **Convolutd Solutions in Supergravity**

Speaker

Masoud Ghezelbash

15:00–15:30 **Sequestered de Sitter String Scenarios**

Speaker

Dr Sven Krippendorf

15:30–16:00 **Thermal Duality and Gravitational Collapse**

Speaker

Mike Hewitt

16:00
