

Session Program

2-6 Dec 2014

DISCRETE 2014: Fourth Symposium on Prospects in the Physics of Discrete Symmetries

Parallel 1: Discrete symmetries (T, C, P), flavour, accidental symmetries

King's College London, Strand Campus, Great Hall and several lecture theatres
Strand London WC2R 2LS UK

Thursday 4 December

14:30

Parallel 1: Discrete symmetries (T, C, P), flavour, accidental symmetries

Session | **Location:** S7.06 7th floor Strand Bldg.

14:30–15:00

Hunting for New Physics with vector-like quarks

Speaker

Dr Miguel Nebot Gómez

15:00–15:30

Order and Anarchy hand in hand in 5D SO(10)

Speaker

Denise Vicino

15:30–16:05

Theoretical status of $B \rightarrow K(*) \mu \mu$ and New Physics.

Speaker

Prof. Matias Joaquim

16:05
