Discussion / 0**UGent status report**

Author: Stijn De Weirdt¹

¹ *Ghent University*

Corresponding Author: stijn.deweirdt@ugent.be

Short update on quattor related things since last workshop, incl progress and future plans. (5m talk, mainly to avoid duplicate work)

Discussion / 1**Quattor EL7 status**

Author: Stijn De Weirdt¹

¹ *Ghent University*

Corresponding Author: stijn.deweirdt@ugent.be

Update on current state and planned work wrt quattor and EL7 (15min)

Discussion / 2**moving forward with metaconfig and TT**

Author: Stijn De Weirdt¹

¹ *Ghent University*

Corresponding Author: stijn.deweirdt@ugent.be

Short discussion on current UGent work review possibility to make the a quattor project via todo list at <https://github.com/hpcugent/config-templates/issues/68> (1 hour?)

Hands On & Tutorials / 3**metaconfig and TT in practise: hands-on walkthrough**

Author: Stijn De Weirdt¹

¹ *Ghent University*

Corresponding Author: stijn.deweirdt@ugent.be

A walkthrough of <https://github.com/hpcugent/config-templates#development-example>
Could flow over in hacking activity to replace older components with metaconfig and TT
(given this is a hand-on, and things will go wrong, at least 1 hour)

Discussion / 4**Template Library: Status and Future Directions****Author:** Michel Jouvin¹¹ *Laboratoire de l'Accelérateur Lineaire (FR)***Corresponding Author:** jouvin@lal.in2p3.fr

- Work done since the integratin into the release
- Integration with Aquilon

Discussion / 5**Quattor inside Containers and Chroots****Corresponding Author:** andrew.david.lahiff@cern.ch**Discussion / 6****Documentation and Communication****Authors:** James Adams¹; Michel Jouvin²¹ *STFC RAL*² *Laboratoire de l'Accelérateur Lineaire (FR)***Corresponding Authors:** jouvin@lal.in2p3.fr, james.adams@stfc.ac.uk

Review and next steps
Oloh, Wikipedia...
Tweeter: Tweet all news? Possibility to do it automatically?
Remove forward of tweets to quattor-devel: use a sink address?
Mailing lists out of SF?

Discussion / 7**Main Issues and Next Milestones**

Review of main issues and assignment to milestones
Orphan and obsolete componnets

Discussion / 8**OpenNebula Integration**

Corresponding Author: kennethwaegeman@gmail.com

Discussion / 9
