

SUSY 2015, 23rd International Conference on Supersymmetry and Unification of Fundamental Interactions

Sunday, August 23, 2015 - Saturday, August 29, 2015

Lake Tahoe

Scientific Program

Higgs Theory and Experiment

Supersymmetry Phenomenology and Experiment

SUSY/String Models

Fundamental and String Theory

Particle Cosmology Theory and Experiment

Flavor Violation Theory and Experiment

Alternative Theories

Precision Computations and Monte Carlo Tools, all areas

indico testing

Plenary Talks

Plenary speakers should use this track to submit the title and abstract of their already approved plenary talk. Others should not use this track!!
