

Welcome to TIM

Simone Campana

Torre Wenaus

- TIM is a workshop
 - Focused on discussion
 - Short presentations (< 50% of allocated time) to initiate/drive discussion
- TIM= Technical Interchange Meeting
 - Expect technical discussions rather than reports
- The focus of this TIM is:
 - Understanding the experience of DC14
 - Setting up a medium term program of work for ADC (the goal is readiness for data taking)
 - Looking at some aspects of the long term evolution
- The meeting is on Vidyo
 - Please try to favor remote attendance
