## Precision physics I

Session | Location: CERN, 40-S2-D01

13:20-13:45

### Electroweak radiative corrections and extra generations

**Speaker**

Prof. Mikhail Vysotsky

13:45-14:05

### Constraints on the quark and lepton mixing matrices from a few simple constraints within a fourth generation scenario

**Speaker**

Prof. Heiko Lacker

14:05-14:25

### CPV in $b \rightarrow s$ and $b\bar{s}$ - $s\bar{b}$ transitions

**Speaker**

George Wei-Shu Hou

14:25
