

Session Program

4-5 Sept 2008

Beyond the 3SM generation at the LHC era Workshop

Introduction and Motivation

CERN, 40-S2-D01

Thursday 4 September

09:30

Introduction and Motivation

Session | **Location:** CERN, 40-S2-D01

09:30–10:00

The strong case for new flavor physics

Speaker

Prof. Bob Holdom

10:00–10:30

Why the 4SM families - 2008

Speaker

Prof. Saleh Sultansoy

10:30–11:00

Source of CPV for Baryon Asymmetry of the universe

Speaker

Prof. George Hou

11:00–11:30

Experimental Constraints on fourth generation quark masses

Speaker

Prof. Marc Sher

11:30
