

Thanks for participating
to the CAoPAC Workshop

Manuel Cargnelutti

The value of CAoPAC

- Organize a whole event from scratch
- limited time-frame
- limited resources
- attention to every detail

- Organize a whole event from scratch
 - limited time-frame
 - limited resources
 - attention to every detail

- Organize something of interest
 - no participants → no event!
 - Benefit from the content

How we did it

Sessions definition

Beam dynamics

Particle physics
simulations

Accelerators
Components design
and optimization

Data analysis
and control systems
interface

Synchrotron
radiation generation
and propagation

“Are we still within the budget?!”

How we did it

- ◆ We started more than one year ago
- ◆ 11 Skype meetings
- ◆ 11 doodle polls
- ◆ Emails?
- ◆ Lots of energy!

What comes next?

- **Symposium** „Lasers and Accelerators for Science and Society“, Liverpool, UK – 26 June 2015
- **Conference** on Accelerator Optimization, Seville, Spain, 7-9 October 2015
- **Meet the TEAM @ IPAC, USA**

How we did it

Thanks to all of you for
participating!
