

Session Program

15-17 Dec 2014

ISOLDE Workshop and Users meeting 2014 "50th Anniversary Edition"

Coulomb Excitation and Reactions

CERN, 503/1-001 - Council Chamber

Tuesday 16 December

10:45

Coulomb Excitation and Reactions

Session | **Location:** CERN, 503/1-001 - Council Chamber | **Convener:** silvia leoni

10:45–11:15 **Direct reactions with exotic nuclei and projects at HIE-ISOLDE**

Speaker

Dr Alexandre Obertelli

11:15–11:30

Shape Coexistence in ^{100}Zr Studied by Low-energy Coulomb Excitation

Speaker

Dr Daniel Doherty

11:30–11:45

Nuclear structure studies of neutron-rich Rb isotopes using Coulomb excitation

Speaker

Christophe Sotty

11:45–12:00

In trap polarization of radioactive ion beams

Speaker

Pierre Delahaye

12:00
