

Investigation of Geometry Discrepancies in ATLAS End-CAP Toroid Structures

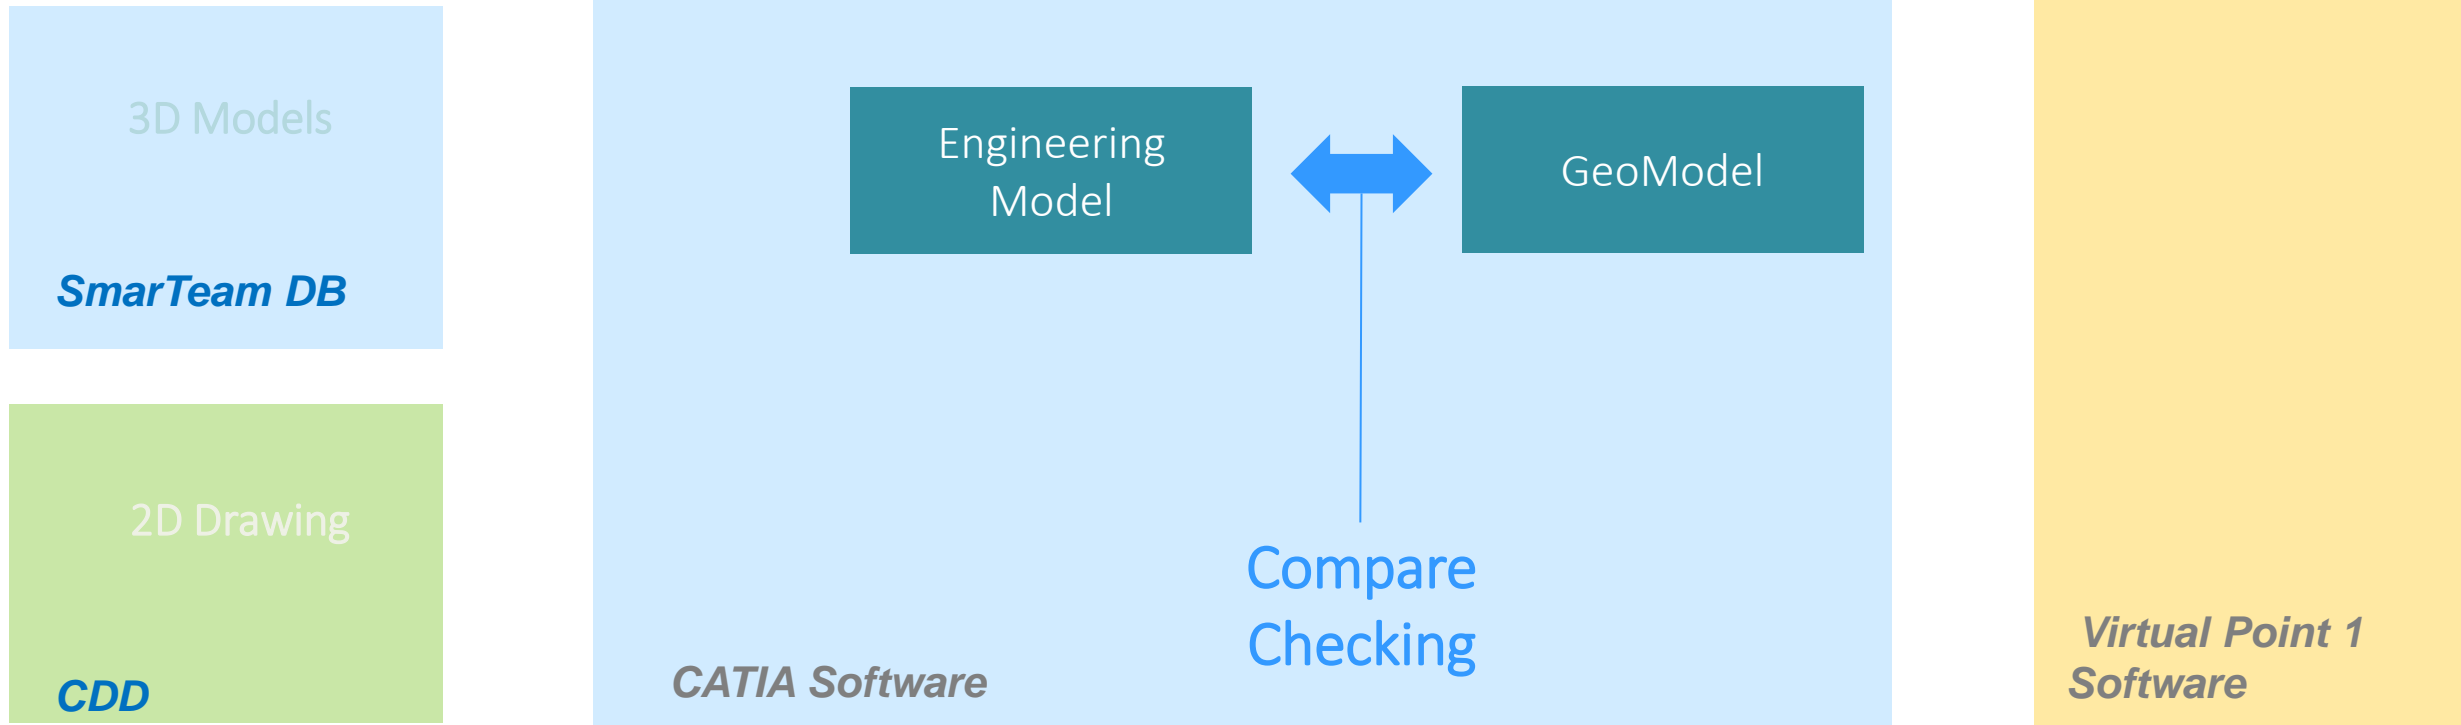

23 october 2014

Archil Surmava
Georgian Technical University

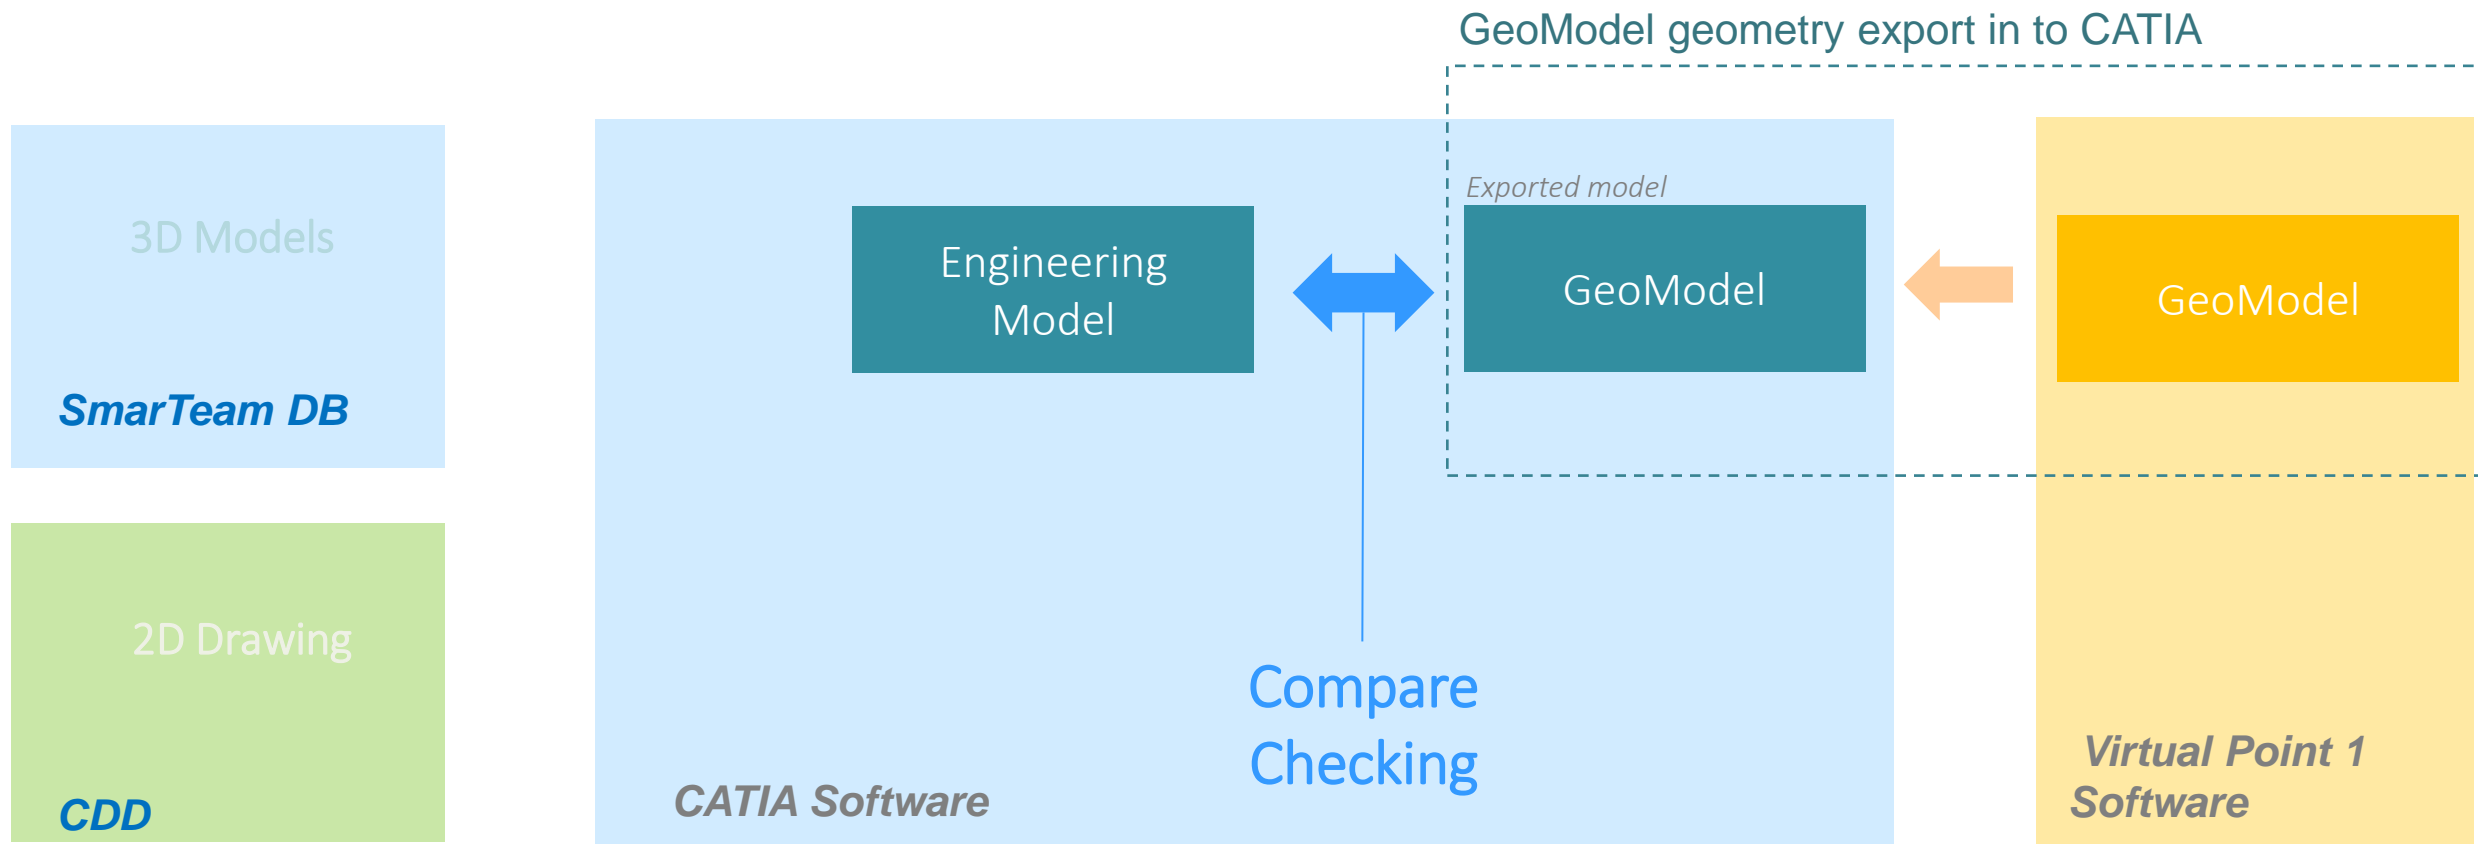

Working Package (WP04) Overview

Comparison of Existing GeoModel Geometry with CATIA Geometry and make Correction of volumes into Packages used in ATLAS Software

Working Package (WP04) Overview

Comparison of Existing GeoModel Geometry with CATIA Geometry and make Correction of volumes into Packages used in ATLAS Software

Working Package (WP04) Overview

Comparison of Existing GeoModel Geometry with CATIA Geometry and make Correction of volumes into Packages used in ATLAS Software

Investigation of geometry description

GeoModel geometry export in to CATIA

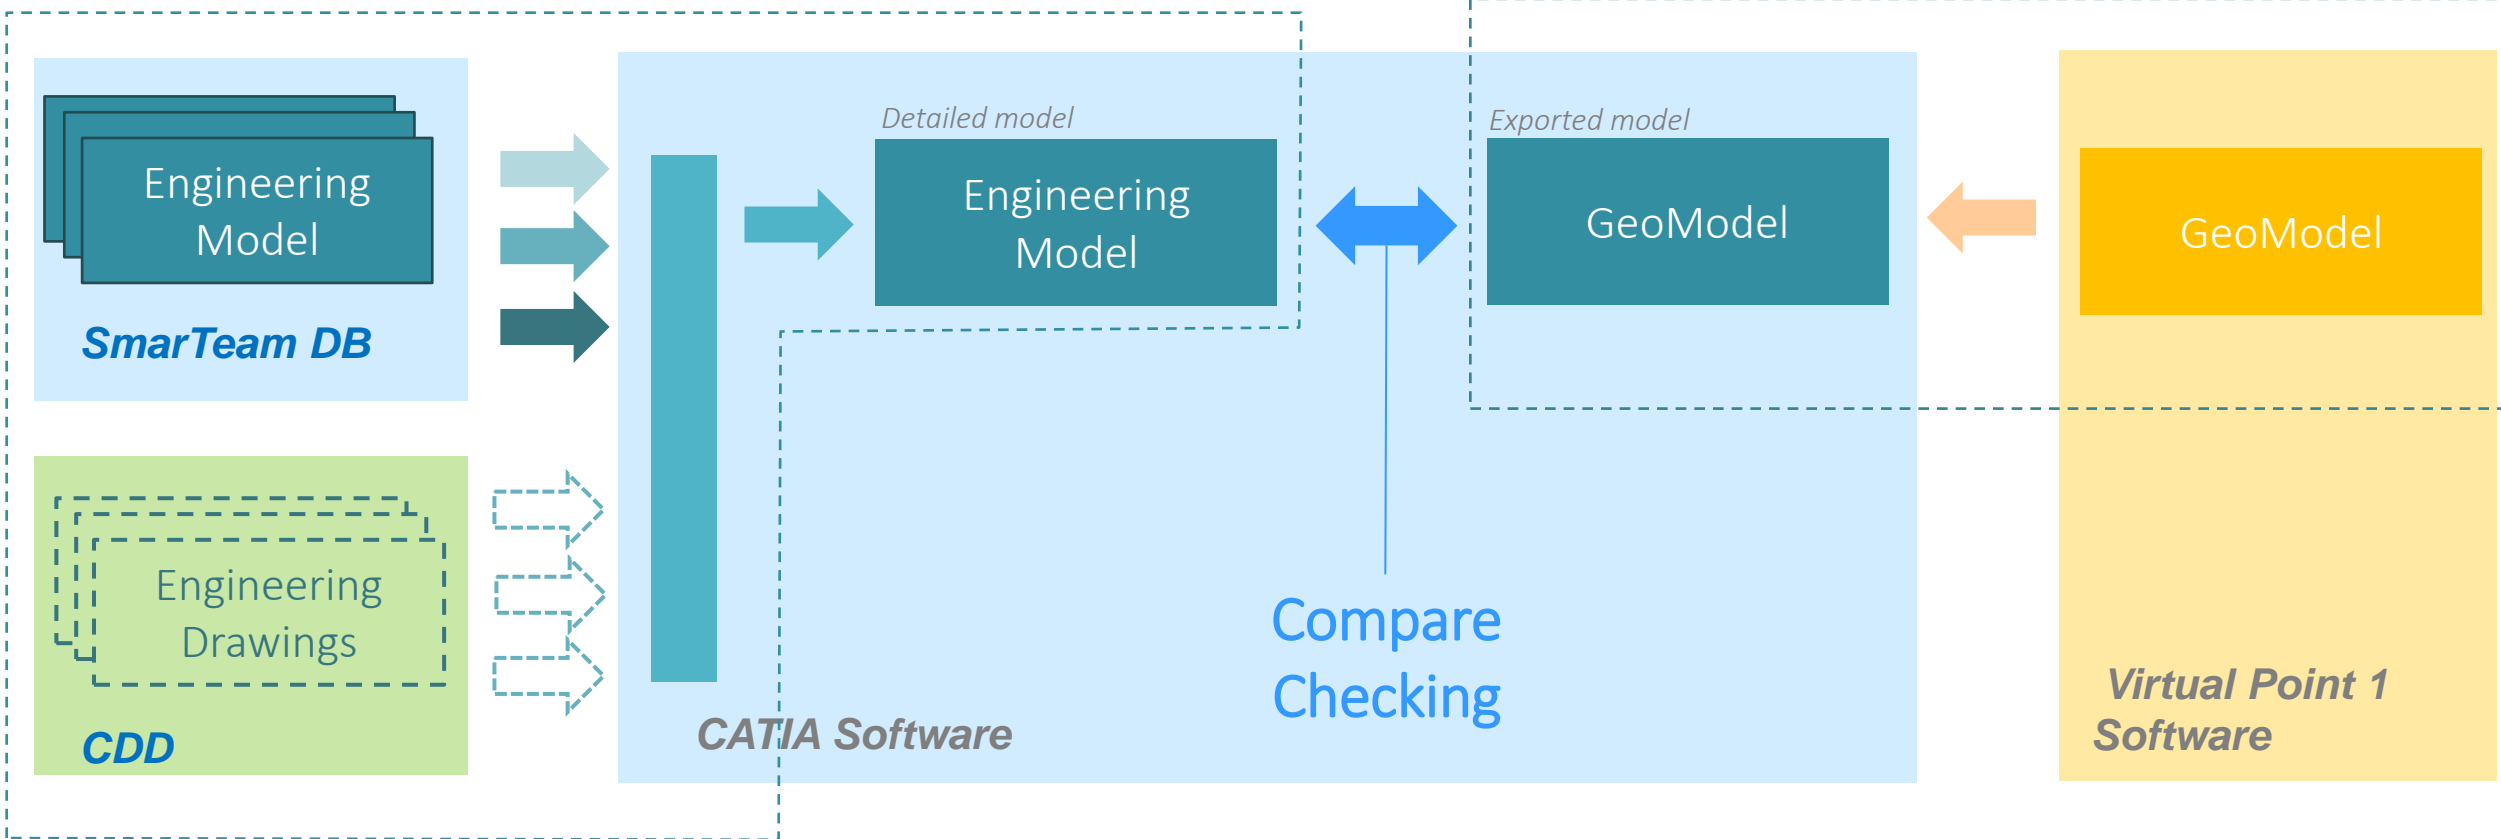

Working Package (WP04) Overview

Investigation of geometry description

GeoModel geometry export in to CATIA

Our current Task

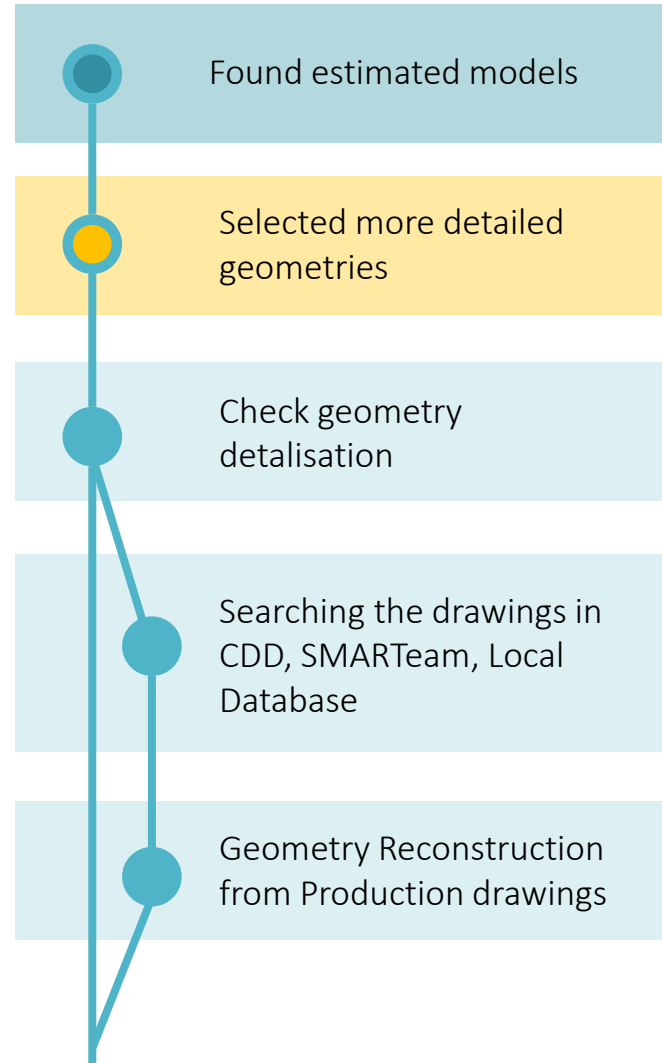

Investigation of EndCap Toroid geometry description

Finding all estimated models of ECT from SmarTeam

Selecting more detailed geometries

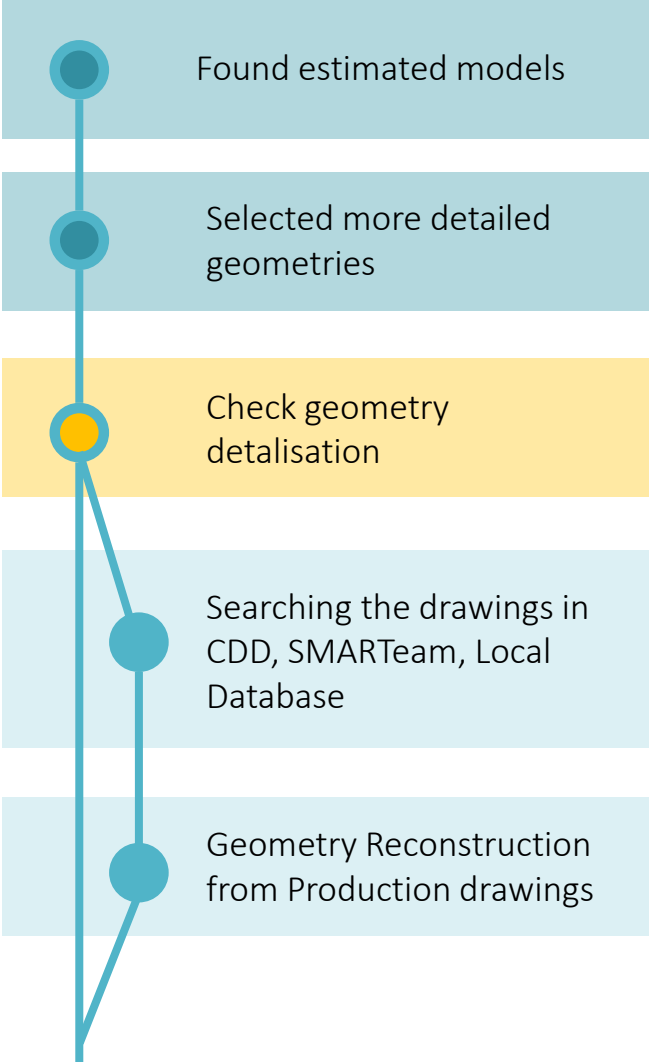

Chaking geometry detalisation

Cover has missed some details

Cover

The geometry needs some modifications

Chaking geometry detalisation

Shielding

Found estimated models

Selected more detailed geometries

Check geometry detalisation

Searching the drawings in CDD, SMARTeam, Local Database

Geometry Reconstruction from Production drawings

Chaking geometry detalisation

Found estimated models

Selected more detailed geometries

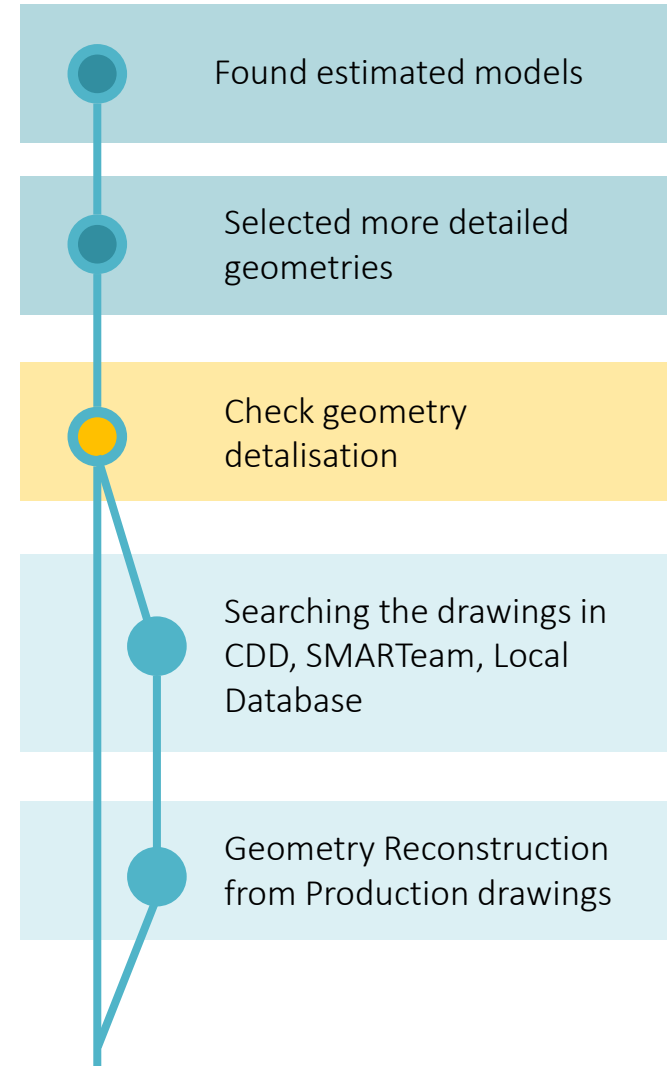

Check geometry detalisation

Searching the drawings in CDD, SMARTeam, Local Database

Geometry Reconstruction from Production drawings

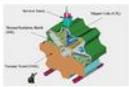

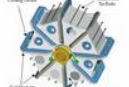

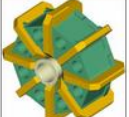

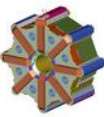

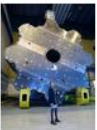

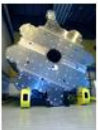

Chaking geometry detalisation

Design				
 Toroid Design	 ECT Layout	 Cold Mass Layout	 Cold Mass	 Shield
Vacuum Vessel				
 Vacuum Vessel (1)	 Vacuum Vessel (2)	 Vacuum Vessel (3)	<h2 style="color: #C85130;">The Geometry Reconstruction from Production drawings</h2>	
 Shield	 Cover	 Bore Tube		
Coil				
 Winding (1)	 Winding (2)	 Coil (1)	 Coil (2)	 Coil (3)
Cold Mass				
 Cold Mass (HMA) (1)	 Cold Mass (HMA) (2)	 Keystone Box (1)	 Keystone Box (2)	

Searchind the drawings in CDD, SMARTeam, local DB

We have found 902 Production drawings

Design				
 Toroid Design	 ECT Layout	 Cold Mass Layout	 Cold Mass	 Shield
Vacuum Vessel				
 Vacuum Vessel (1)	 Vacuum Vessel (2)	 Vacuum Vessel (3)		
 Shield	 Cover	 Bore Tube	 Tie Rods	 Superinsulation
Coil
