

DELPHI “final” (?) meeting

- Many best wishes received from colleagues who were unable to come. Some of them asked for a ‘final+1’ (or even ‘final + n’) meeting
- Apologies for not having put enough effort to reach everybody

Some practical information

- List 1: who needs transport to Bois-Joly
 - List 2: who can take people and how many
- Will display and combine lists in coffee break
- Aperitif at Bois-Joly (Crozet) from 18:30
 - Dinner at Bois-Joly starts ~19:30

some DELPHI numbers

- Journal publications: 344 (Spire; incl. also conf.)
(most recent draft number = 376)
- Authors: >> 704 (merge of “lineshape”+ “Wmass”)
- Conference talks: ~900 for years 1990-2006
(incl. some extrapolation 1999-2001)
- DELPHI notes:
 - PHYS: 946
 - CONF: 760
 - All categories: 2801

DELPHI, a ~30 year story

- (I started with DELPHI in fall 1983)
- Ugo will tell about the early years
- Jean-Eudes about LEP1 analysis
- Daniel about impact LEP2
- Some personal experiences by young physicist (Martijn Mulders)
- Some Spin-off towards business (Michael F.)
- Outreach with DELPHI events (Erik J.)
