

The 2nd International Conference on the Initial Stages in High-Energy
Nuclear Collisions

Contribution ID: 86

Type: **not specified**

**The event structure in PP collisions at the LHC
energies.**

Friday 5 December 2014 16:20 (20 minutes)

In the recent years advances have been made in the use of event structure selection to the study of pp collisions. The recent results obtained by applying event structure events generated by Pythia will be discussed
