

The 2nd International Conference on the Initial Stages in High-Energy Nuclear Collisions

Saturday 6 December 2014

Saturday PM-1 (14:30 - 16:30)

-Conveners: Xin-Nian Wang

time	[id] title	presenter
14:30	[128] Jet measurements in p+Pb and Pb+Pb with the ATLAS Experiment at the LHC	STEINBERG, Peter Alan
14:55	[100] Jet and charged hadron results from CMS	Dr MAO, Yaxian
15:20	[109] Quantifying Cold Nuclear Matter Effects on Jet Observables in p-Pb Collisions	CONNORS, Megan Elizabeth
15:45	[108] Jet vs. Jettiness - the event shape in p+A and e+A collisions	QIU, Jianwei
16:10	[56] Aspects of centrality determination in asymmetric nuclear collisions	Dr MORSCH, Andreas
