

LISHEP 2015 - SESSION C - Conference Page

Sunday 2 August 2015 - Sunday 9 August 2015

Brasil - Manaus - Amazonas

Scientific Programme

The first approach for the Scientific Program of LISHEP 2015 is:

Standard Model and the Higgs Sector

Forward Physics

Flavor Physics, Rare Decays and CP Violation

Beyond the Standard Model

Neutrino Physics

Dark Matter, Dark Energy and Cosmology

Upgrades of the LHC and Experiments; Future Colliders

Advances in Instrumentation, Computing and Networking for HEP

Spin Off from HEP
