

Session Program

9-10 Oct 2014

MINIBALL Workshop and Users meeting

Miniball @ ISOLDE and Munich

IPN Orsay, Salle des Conseils
15, rue Georges Clémenceau 91406, Orsay, France

Thursday 9 October

14:00

Miniball @ ISOLDE and Munich

Session | **Location:** IPN Orsay, Auditorium Joliot Curie

14:00–14:15 **Welcome to IPN**

Speaker

Faical Azaiez

14:15–14:30 **Welcome**

Speaker

Peter Reiter

14:30–14:50 **Coulomb excitation of ^{26}Na and ^{48}K with MINIBALL at REX-ISOLDE**

Speaker

Burkhard Siebeck

14:50–15:10 **The structure of ^{46}Ar through (t,p) reactions in inverse kinematics**

Speaker

Katharina Nowak

15:10–15:30 **Multiple Coulomb Excitation with high intense ^{72}Zn beam at ISOLDE**

Speaker

Stefanie Hellgartner

15:30–15:50

Cluster-transfer reactions with radioactive beams: a spectroscopic tool for neutron-rich nuclei

Speaker

Simone Bottoni

15:50–16:00 **Coulomb excitation of neutron-rich Cd**

Speaker

Anna-Lena Hartig

16:00

16:20

Miniball @ ISOLDE and Munich

Session | **Location:** IPN Orsay, Auditorium Joliot Curie

16:20–16:35 **Coulomb excitation of $^{138,140,142,144}\text{Xe}$**

Speaker

Corinna Henrich

Location

16:35–16:55 **Results from ^{140}Sm Coulomb excitation experiment**

Speaker

Kasia Hadynska-Klek

Location

16:55-17:15 Coulomb excitation of ^{142}Sm **Speaker**

Robert Stegmann

Location**17:15-17:35 Coulomb excitation of neutron-deficient polonium and radon isotopes****Speaker**

Liam Gaffney

Location**17:35-17:55 Lifetime determination of the first $2+$ state of $^{58,60,62}\text{Ni}$ at MLL****Speaker**

Waldemar Witt

Location**17:55-18:15****Isospin Mixing and in-beam study of the ^{56}Co non-yrast states at MLL/Miniball****Speaker**

Ana Montaner

Location

19:00
