

Saha Theory Workshop: Cosmology at the Interface

Thursday, 29 January 2015

Astro Physics-I - 3307 (14:00 - 15:15)

-Conveners: Tirthankar Roy CHOUDHURY

time	[id] title	presenter
14:00	[15] A Direct Measurement of the Mean Occupation Function of Quasars: Breaking Degeneracies between Halo Occupation Distribution Models	Dr CHATTERJEE, Suchetana
14:15	[14] The effect of non-Gaussianity on error predictions for the Epoch of Reionization (EoR) 21-cm power spectrum	Mr MONDAL, Rajesh
14:30	[29] 21 cm signal from cosmic dawn	Mr RAGHUNATH GHARA, Raghunath
14:45	[16] Generation of large scale magnetic fields in the early universe driven by cosmological neutrinos	DVORNIKOV, Maxim
15:00	[73] Free slot
