

LA³NET 5th Topical Workshop on Beam Diagnostics

Monday 23rd March – Tuesday 24th March 2015
Son Caliu Hotel, Palmanova, Mallorca, Spain

WORKSHOP OVERVIEW

The 5th Topical Workshop on Beam Diagnostics will be held from 23rd to 24th March 2015 at the Son Caliu Hotel, Palmanova, Mallorca, Spain.

Recognized specialists from outside the network will be engaged to complement partner expertise and delegate contributions to cover topics such as:

- Beam profile and emittance measurements
- Compton backscattering theory and sources
- Optical techniques for ultra-short bunches
- RF techniques for ultra-short bunches
- Novel sensors and technologies

Conference on Laser Applications at Accelerators

Wednesday 25th March – Friday 27th March 2015
Son Caliu Hotel, Palmanova, Mallorca, Spain

CONFERENCE OVERVIEW

The LA³NET Conference on Laser Applications at Accelerators will be held from 25th to 27th March 2015 at the Son Caliu Hotel, Palmanova, Mallorca, Spain.

This conference will bring together laser and accelerator researchers to share their results from these combined fields. Renowned invited speakers will join delegates from within and outside the network to cover topics such as:

- Particle beam generation
- Laser-based ion generation
- Electron acceleration
- Applications at the interface between lasers and accelerators
- Diagnostics

For more information and to obtain copies of presentations and abstracts after the event go to:
