

Session Program

27 April 2015 to 1 May 2015

DIS 2015

XXIII International Workshop on
Deep-Inelastic Scattering and
Related Subjects

Dallas, Texas
April 27 – May 1, 2015

DIS 2015 - XXIII. International Workshop on Deep-Inelastic Scattering and Related Subjects

WG4+WG5 Joint Session

Tuesday 28 April

16:15

WG4+WG5 Joint Session

Session | **Location:** THEATER

16:15–16:40

Measurement of Vector boson + Heavy flavor jet production rates by D0

Speaker

Ashish Kumar

16:40–17:05

Combination of D* Differential Cross-Section Measurements in Deep-Inelastic ep Scattering at HERA

Speaker

Olaf Behnke

17:05–17:30

Measurement of forward-backward asymmetries of B+, Λ_b and Λ in ppbar collisions at $\sqrt{s}=1.96$ TeV

Speaker

Braden Keim Abbott

17:30–17:50

Heavy flavors on CT14

Speaker

Tie-Jiun Hou

18:00
