

Session Program

7-10 Apr 2015

Portoroz 2015: Particle Phenomenology From the Early Universe to High Energy Colliders

SUSY

Portoroz, Slovenia, James Cook
Hotel Slovenija, Obala 33, 6320 Portoroz, Slovenia

Wednesday 8 April

14:30

SUSY

Session | **Location:** Portoroz, Slovenia, James Cook, Hotel Slovenija, Obala 33, 6320 Portoroz, Slovenia

14:30-14:53

Signatures of supersymmetry with underabundance of neutralino dark matter

Speaker

Stefan Pokorski

14:53-15:16

Light Sparticles from a light Singlet in Gauge Mediation

Speaker

Robert Ziegler

15:16-15:39

How much SUSY does the Higgs boson need?

Speaker

Marco Fabbrichesi

15:39-16:02

Lepton dipole moments in a SUSY low scale seesaw model

Speaker

Amon Ilakovac

16:02
