

Session Program

23-30 Aug 2015

4th International Conference on New Frontiers in Physics ICNFP2015

Plenaries: Session 4

Monday 24 August

17:10

Plenaries: Session 4

Session | **Convener:** Evgeny Zabrodin

17:10–17:40

Archimedes Force on Casimir Apparatus

Speaker

Vladimir Shevchenko

17:40–18:05

The restless gamma-ray sky and clues on new physics: seven years of discoveries with Fermi Large Area Telescope

Speaker

Sara Cutini

18:05–18:30

Progress report for the AEGIS antimatter gravity experiment

Speaker

Alban Kellerbauer

18:30
