

Session Program

23-30 Aug 2015

4th International Conference on New Frontiers in Physics ICNFP2015

Parallel 4

Thursday 27 August

16:00

Parallel 4: Particle physics / Theory

Session

16:00–16:25 **Aspects of meson condensation**

Speaker

Andrea Mammarella

16:25–16:50 **On the base quantities of oscimodes of valence q' q bar and $3q$ states**

Speaker

Peter Minkowski

16:50–17:15 **Phenomenology of charmed mesons in a chiral symmetric model**

Speaker

Walaa Eshraim

17:40
