

# 4th International Conference on New Frontiers in Physics ICNFP2015

## Wednesday, 26 August 2015

### Parallel 4: Astroparticle / Gravity/ Neutrinos (15:25 - 17:25)

| time  | [id] title                                                | presenter             |
|-------|-----------------------------------------------------------|-----------------------|
| 15:25 | [324] What could the LHC teach us on spacetime structure? | TRANTAPHYLLOU, George |
| 15:50 | [373] Search for the dark photon in $\pi^0$ decay         | PIANDANI, Roberto     |
| 16:10 | [395] Neutrinoless Double Beta Decay in GERDA             | HEISEL, Mark          |
