

# 4th International Conference on New Frontiers in Physics ICNFP2015

## Wednesday, 26 August 2015

### Parallel 5: Quantum theory (17:45 - 19:15)

time	[id] title	presenter
17:45	[377] Schrödinger operator with delta'-interaction supported by non-closed curve	JEX, Michal
18:05	[378] Leaky quantum wires. On relation between geometry and spectrum	KONDEJ, Sylwia
18:25	[379] Interacting relativistic quantum dynamics for multi-time wave functions	LIENERT, Matthias
18:45	[380] New Quantum Effect: Emission of Cosmic X- or -rays by Moving Unstable Particles at Late Times	Prof. URBANOWSKI, Krzysztof
