

## DISCRETE '08: Symposium on Prospects in the Physics of Discrete Symmetries

Contribution ID: 43

Type: **not specified**

### Status of the KEK Super B Factory

*Saturday 13 December 2008 15:25 (25 minutes)*

We report the status of the accelerator and detector design for the KEK Super B factory, which is part of the KEK roadmap, the laboratory's plan for the next five years. The KEK Super B factory will be based on an upgrade of the existing KEKB accelerator and will reuse parts of the Belle detector.
