

Session Program

12-15 Jan 2015

PicoSEC-MCNet meetings in Milano

***PicoSEC-MCNet Workshop on Detectors for
High Energy Physics***

University of Milano Bicocca

Monday 12 January

13:30

PicoSEC-MCNet Workshop on Detectors for High Energy Physics

Session | **Location:** University of Milano-Bicocca, Building U4, room 8 (aula Sironi)

13:30-14:00 **Registration**

14:00-14:30 **Welcome from the Rector of the University of Milano-Bicocca**

Speaker

Prof. Cristina Messa

14:30-16:15 **Novel tracking detectors**

Speaker

Dr Luigi Moroni

16:15-16:35 **Coffee break**

16:35-18:00 **Cryogenic detectors for astroparticles**

Speaker

Prof. Angelo Nucciotti

18:00-18:45

Fast readout of photodetectors: the example of the LHCb RICH upgrade

Speaker

Dr Claudio Gotti

18:45

Tuesday 13 January

08:30

PicoSEC-MCNet Workshop on Detectors for High Energy Physics

Session | **Location:** University of Milano-Bicocca, Building U4, room 8 (aula Sironi)

08:30-09:50 Precision dosimetry

Speaker

Prof. Oliviero Cremonesi

09:50-10:10 Coffee break

10:10-11:20 CMS calorimetry upgrade

Speakers

Dr Andrea Davide Benaglia, Dr Marco Toliman Lucchini

11:20-12:30 The discovery of the Higgs boson

Speaker

Dr Pietro Govoni

12:30

13:30

PicoSEC-MCNet Workshop on Detectors for High Energy Physics: Visit to CNAO

Session | **Location:** CNAO, Pavia

17:30
