

# **International Conference on Precision Physics and Fundamental Physical Constants (FFK-2015)**

**Monday, October 12, 2015 - Friday, October 16, 2015**

**Hungarian Academy of Sciences**

## **Scientific Program**

The main topics include:  
fundamental physical constants  
quantum electrodynamics of bound systems  
spectroscopy of exotic atoms  
quantum standards  
precision measurements in fundamental physics, astrophysics and cosmology  
tests and extensions of the Standard Model of elementary particles

The official language of the conference will be English: as opposed to the previous conferences of the series no Russian talks will be presented.

A one-day satellite meeting on Dispersion Methods for Hadronic Contributions to QED Effects will take place in Bratislava, Slovakia, on October 10, 2015.
