

HEPIX SPRING 2015 WORKSHOP

Contribution ID: 59

Type: **not specified**

## PDSF Site Report and Relocation

*Monday 23 March 2015 11:25 (15 minutes)*

PDSF, the Parallel Distributed Systems Facility, has been serving high energy physics and been in continuous operation at NERSC since 1996. It is currently a tier-1 site for Star, tier-2 for Alice and tier-3 for Atlas. This site report will describe recent updates to the system and upcoming modifications. PDSF will move this year from its current site to a new building on the LBNL campus and particular focus will given on how this will affect computing during the transition.
