**Session Program**

23–27 Mar 2015

HEPiX Spring 2015 Workshop

Security and Networking

Physics Department, Oxford University, Martin Wood Lecture Theatre, Parks Road

Tuesday 24 March

12:20

Security and Networking: Security and Networking
Session | **Location:** Physics Department, Oxford University, Martin Wood Lecture Theatre, Parks Road |
Conveners: Dr Shawn McKee, Dave Kelsey

12:20–12:45   **Effects of packet loss and delay on TCP performance**

Speaker
Adam Lukasz Krajewski

12:45

14:00

Security and Networking
Session | **Location:** Physics Department, Oxford University, Martin Wood Lecture Theatre, Parks Road |
Conveners: Dr Shawn McKee, Dave Kelsey

14:00–14:25   **Computer Security update**

Speaker
Mr Romain Wartel

14:25–14:50   **WLCG Cloud Traceability Working Group**

Speaker
Ian Peter Collier

14:50–15:15

Recent experiences in operational security: incident prevention and incident handling in the EGI and WLCG infrastructure

Speaker
Linda Ann Cornwall

15:15–15:40   **A recent view of OSSEC and Elasticsearch at Scotgrid Glasgow**

Speaker
David Crooks

15:40

15:50

Security and Networking: Security and Networking
Session | **Location:** Physics Department, Oxford University, Martin Wood Lecture Theatre, Parks Road |
Conveners: Dave Kelsey, Dr Shawn McKee

15:50–16:15   **Update on WLCG/OSG perfSONAR Infrastructure**

Speaker
Marian Babik

16:15–16:40   **News from the HEPiX IPv6 Working Group**

Speaker
Dave Kelsey

16:40–16:55   **Testing dCache and IPv6**

Speaker
Ulf Bobson Severin Tigerstedt

16:55–17:20   **The IPV6 post office: labeling and sorting everywhere.**

Speaker
Francesco Prelz

17:20

18:00

Security and Networking: IPv6 tutorial for administrators

Session | **Location:** Physics Department, Oxford University, Martin Wood Lecture Theatre, Parks Road |
Conveners: Dave Kelsey, Dr Shawn McKee

18:00–19:30   **IPv6 tutorial for administrators**

Speakers
Dave Kelsey, Dr Shawn McKee

19:30
