

**Session Program**

**16-19 Sept 2008**

**cHarged 2008 - Prospects for Charged Higgs  
Discovery at Colliders**

***Contributed talks - Theory***

Gustavianum, Uppsala, Auditorium Minus  
Akademigatan 3 753 10 Uppsala

# Wednesday 17 September

09:00

## Contributed talks - Theory

**Session** | **Location:** Gustavianum, Uppsala, Auditorium Minus, Akademigatan 3 753 10 Uppsala

09:00–09:15 **A TeV-scale model for neutrino mass, DM and baryon asymmetry**

**Speaker**

Dr Shinya Kanemura

09:20–09:35

**Charged Higgs boson production beyond minimal flavor violation in the MSSM**

**Speaker**

Michael Spannowsky

09:40–09:55

**Charged Higgs in Next-to-MSSM**

**Speaker**

Arhrib Abdesslam

10:00–10:15

**CP violation in charged Higgs decays in MSSM**

**Speaker**

Ekaterina Christova

10:20–10:35

**CP-violation in charged Higgs boson production at the LHC**

**Speaker**

Elena Ginina

10:40
