Dear Colleagues,

We would to express our great thanks to CERN organization especially CMS and ATLAS experiments for the succeeded scientific event **“Virtual Visit to CERN”** on **27 October 2014** in collaboration with Faculty of Science, Mansoura University, Egypt.

Through the past 40 days in communication with CMS and ATLAS people, secretaries Marzena Lapka and Lucie Aguirre, Operators Zoltan Szillasi, John Casser and Ewan Chin Hill and our guides Rebeca Gonzalez Suarez, Noemi Beni and Mohamed Alharoob. We appreciate their well-organized efforts.

More than 250 attendees from our university from different faculties (Science, Engineering, Computer Science) and other universities (British University in Egypt, Cairo University, Alexandria University, and Port Said University) were participating in the event. Most of the attendees were students who interested so much from the event.

We hope to repeat this event in the future and collaborate more between your organization and our University.

Thank you in advance
All of our best regards,

EL-Bass

Prof. Dr. Ahmed H. Bassiouny

Professor of Mathematical Statistics,
Dean of Faculty of Science,
Mansoura University
Mansoura 35516,
