Update from IT

Mats Moller
IT Department
Points of interest

• **CERN OpenData portal launched**
  • Making LHC data public, AODs, derived datasets and analysis tools
  • Appeal for other example analysis code and derived datasets that may already have been prepared for teaching/outreach
  • Open data portal [http://opendata.cern.ch](http://opendata.cern.ch)

• **Photo Archive scanning project launched**
  • Some 120,000 black and white images from the period 1955-1985 are currently being digitised
  • Appeal for volunteer captions, especially the unknown ones (regularly shared in Bulletin)
  • [https://cds.cern.ch/collection/PhotoLab%20Archives](https://cds.cern.ch/collection/PhotoLab%20Archives)
