

Session Program

25-27 Sept 2006

HG2006

High-gradient rf experiments and results

CERN European Organization for Nuclear Research, 40/S2-B01
Meyrin Switzerland

Monday 25 September

09:00

High-gradient rf experiments and results

Session | **Location:** CERN European Organization for Nuclear Research, 40/S2-B01, Meyrin Switzerland

09:00-09:30 **Introductory remarks**

Speaker

Jean-Pierre Delahaye

09:30-10:00 **Pulsed heating/superconducting cavity set-up**

Speaker

Prof. Sami Tantawi

10:00-10:30 **CLIC structure testing results**

Speaker

Jose Alberto Rodriguez

10:30
