

Session Program

25-27 Sept 2006

HG2006

Specialized experiments.

CERN European Organization for Nuclear Research, 40/S2-B01
Meyrin Switzerland

Tuesday 26 September

11:00

Specialized experiments.

Session | **Location:** CERN European Organization for Nuclear Research, 40/S2-B01, Meyrin Switzerland

11:00-11:30 **DC spark testing**

Speaker

Trond Ramsvik

11:30-12:00 **Active RF pulse compression**

Speaker

Prof. Sami Tantawi

12:00-12:30

High Voltage DC testing in the framework of a low emittance gun development

Speaker

Dr Frederic Le Pimpec

12:30
