**ZPW2015: The flavour of new physics**

***Higgs and Flavor***

University of Zurich, KOL-F-121  
Ramistrasse 71, Zurich

## Wednesday 7 January

10:00

### Higgs and Flavor

**Session** | **Location:** University of Zurich, KOL-F-121, Ramistrasse 71, Zurich**10:00–10:35** **Recent results in Higgs Physics****Speaker**

Maria Cepeda Hermida

10:40

11:10

### Higgs and Flavor

**Session** | **Location:** University of Zurich, KOL-F-121, Ramistrasse 71, Zurich**11:10–11:45** **The Interplay between Flavor and Higgs Physics****Speaker**

Yosef Nir

**11:50–12:25** **Rare Higgs decays****Speaker**

Jure Zupan

12:30

14:00

### Higgs and Flavor

**Session** | **Location:** University of Zurich, KOL-F-121, Ramistrasse 71, Zurich**14:00–14:30** **Effective theories for the Higgs: virtues and limitations****Speaker**

Roberto Contino

**14:35–15:05** **Effective Theories for Higgs Physics****Speaker**

Gerhard Buchalla

**15:10–15:40** **Higgs physics beyond the SM****Speaker**

Milada Muhlleitner

**15:40–16:00** **Discussion**

16:00
