

2nd RD51 Collaboration Meeting / Workshop (October 13-15, 2008)

WELCOME TO PARIS!

Charge to the Workshop

Workshop Format

Monday:

14:00 - 16:00 Plenary Session – Opening & Reviews

16:30 - 18:30 Plenary Session - WG3 : Applications of MPGDs

Tuesday:

09:00 – 12:30 Parallel - WG1: Technological developments

WG5: MPGD Related Electronics

WG7: Common Test Facilities

14:00 – 17:00 Parallel - WG2: Common Charact. & Physics Issues

WG4: Simulations and Software Tools

WG6: Production

Wednesday:

09:00-10:30 Special meeting on MPGD photodetectors

Spill over from WG1&2 and discussion session

WG5 Electronics discussion session

11:00-12:30 Plenary Session - Reports from Working Groups

14:00-15:30 Plenary Session - Reports from Working Groups

15:30-16:00 Conclusions and outlook (15:30-16:00)

Goals of this Workshop / Collaboration Meeting

We will certainly profit such a comprehensive workshop program

- **Concentrate on discussions within the Working Groups (from workshop presentations → to projects of common interest)**
- **Conveners are in charge to setup and coordinate WG activities**
- **Identify WG / technical area (except of WG3) and join the WG discussion of your interest**
- **WG EVO/phone meetings were not always successful in the past → organize 0.5-1 day WG meetings at CERN to get people around the table and to enhance communication**
- **Complete RD51 proposal (we expect every institute to contribute to one of the WG1, WG2, WG4-WG7 activities)**
- **Inform about your needs for the test-beam/irradiation facilities**

RD51 Collaboration Website

We encourage everybody to use this forum for discussion & WG organization

The screenshot shows the RD51 Collaboration website interface. At the top, there is a header with the CERN logo and the text "RD51 Collaboration". Below the header, there is a navigation bar with "Home" and "Help" links. A search bar is visible on the right side of the header. The main content area is divided into several sections:

- Left Sidebar:** Contains navigation links for "View All Site Content", "Pictures" (RD51 Collaboration Pictures), "Documents" (RD51 Documents, New Institutes Survey, Proposal skeleton, Old Documents Library, LHCC), "Discussions" (Conveners Discussion, WG1: Technological Aspects and Development of New detector Structures, WG2: Common Characterization and Physics Issues, WG3: Applications, WG4: Simulations and Software Tools, WG5: MPGD Related Electronics, WG6: Production, WG7: Common Test Facilities), and "MicroPattern Gas Detectors".
- Main Content Area:** Features a large green link: <https://espace.cern.ch/test-RD51/default.aspx>. Below this, there are "Announcements" and "MPGD R&D" sections. The "Announcements" section includes a "Paris meeting agenda" by Leszek Ropelewski dated 09/10/2008 10:47 AM, detailing the "2nd RD51 Collaboration Meeting from 13 October 15 October 2008" with a schedule for Monday 13 October 2008 (13:30-14:00 Registration, 14:00-16:00 Plenary Session - Opening and Reviews (Convener: Silvia Dalla Torre) (Amphitheatre), 14:00 Welcome...). It also includes an "RD51 meeting reminder" by Leszek Ropelewski dated 28/09/2008 10:53 PM, which states: "Dear Colleague, The time of the RD51 Collaboration meeting is approaching. We are finalizing scientific program. You can find tentative agenda in the meeting web page under Timetable tab." and provides the URL <http://indico.cern.ch/conferenceDisplay.py?confId=35172>. A "Message from LHCC chair person" by Leszek Ropelewski dated 27/09/2008 12:13 AM is also present.
- Right Sidebar:** Contains a "Links" section with a list of relevant links: "2nd RD51 Collaboration Meeting in Paris", "Meeting with LHCC referees", "94th LHCC Meeting", "CERN Courier: NIKHEF meeting & RD51 info", "1st RD51 Collaboration Workshop at NIKHEF", "MPGD R&D Workshop at CERN", "Old MPGD R&D page", "Old RD51 List of Institutes and Questionnaires", and "CERN PH Faculty Meeting - MPGD R&D". There is also an "Add new link" button.

MB and Convener Meetings Links are available at RD51 Webpage
