Machine Learning Software Development in High Energy Physics

Friday 2 September 2016 18:40 (30 minutes)

In my talk, I will present an overview of on-going machine-learning software development in particle physics, in particular focusing on the recent developments related to the Toolkit of Multivariate Analysis (TMVA). I will additionally summarize the current activities of the Inter-experimental Machine Learning Working Group (IML).

Summary

Primary author: Dr GLEYZER, Sergei (University of Florida (US))

Presenter: Dr GLEYZER, Sergei (University of Florida (US))

Session Classification: Special Section Statistical Methods for Physics Analysis in the XXI Century

Track Classification: Statistical Methods for Physics Analysis
