

5th International Workshop on Mechanisms of Vacuum Arcs (MeVArc 2015)

Wednesday, 2 September 2015

Field emission experiments and theory (I) (14:00 - 15:30)

-Conveners: Walter Wuensch

time	[id] title	presenter
14:00	[10] RF Accelerating Cavity for SuperKEKB Damping Ring and its Breakdown Study	ABE, Tetsuo
14:30	[8] Field emission study at Argonne Wakefield Accelerator facility	SHAO, Jiahang
15:00	[13] Electroformation phenomena driven by the electrical Gibbs function	FORBES, Richard
