

## **Session Program**

**27 September 2015 to 3 October 2015**

# **Quark Matter 2015 - XXV International Conference on Ultrarelativistic Nucleus-Nucleus Collisions**

## ***Open Heavy Flavors and Strangeness III***

Kobe, Fashion Mart, Japan

# Tuesday 29 September

09:00

## Open Heavy Flavors and Strangeness III

**Session** | **Location:** Convention room 1 | **Convener:** Zaida Conesa Del Valle

09:00–09:20

### PHENIX measurement of $\bar{b}$ production in $pp+ppp$ collisions

**Speaker**

Abhisek Sen

09:20–09:40

### Measurements of heavy-flavour production in p--Pb collisions with ALICE

**Speaker**

Jeremy Wilkinson

09:40–10:00

### Heavy-flavour correlations and multiplicity dependence in pp and p--Pb collisions with ALICE

**Speaker**

Fabio Filippo Colamaria

10:00–10:20

### Medium-effects on heavy-flavour production in large and small systems

**Speaker**

Andrea Beraudo

10:20
