## Plenary Session III

**Session** | **Location:** Atrium plaza | **Convener:** Krzysztof Redlich

14:00–14:30

### Experimental overview on flow observables in heavy ion collisions

**Speaker**

Soumya Mohapatra

14:30–15:00

### Theory of collective dynamics : flow, fluctuations and correlations in heavy ion collisions

**Speaker**

Gabriel Denicol

15:00–15:30

### Experimental overview on beam energy scan

**Speaker**

Xiaofeng Luo

15:30–16:00

### QCD Critical Point and Related Observables

**Speaker**

Marlene Nahrgang
