

2015 CAP Congress / Congrès de l'ACP 2015

Monday 15 June 2015

M2-3 Theory, modelling and space weather II (DASP) / Théorie, modélisation et climat spatial II (DPAE) - CAB 243

(15:45 - 17:15)

-Conveners: David Knudsen

time	[id] title	presenter
15:45	[768] Development of Comprehensive Model of Earth Ionosphere and its Application for Studies of MI-coupling	Dr SYDORENKO, Dmytro
16:15	[734] Solar wind modelling for operational forecasting	NIKOLIC, Ljubomir
16:45	[560] Using an information theory-based method for statistical detection of high-frequency climate signals in northern-hemisphere water supply variations	Dr FLEMING, Sean W.
