

2015 CAP Congress / Congrès de l'ACP 2015

Monday, June 15, 2015

M2-3 Theory, modelling and space weather II (DASP) / Théorie, modélisation et climat spatial II (DPAE) - CAB 243 (3:45 PM - 5:15 PM)

-Conveners: David Knudsen

time	[id] title	presenter
3:45 PM	[768] Development of Comprehensive Model of Earth Ionosphere and its Application for Studies of MI-coupling	Dr SYDORENKO, Dmytro
4:15 PM	[734] Solar wind modelling for operational forecasting	NIKOLIC, Ljubomir
4:45 PM	[560] Using an information theory-based method for statistical detection of high-frequency climate signals in northern-hemisphere water supply variations	Dr FLEMING, Sean W.
