

2015 CAP Congress / Congrès de l'ACP 2015

Tuesday, June 16, 2015

T2-3 Ground-based / in situ observations and studies of space environment II (DASP) / Observations et études de l'environnement spatial, sur terre et in situ II (DPAE) - CAB 243 (1:45 PM - 3:15 PM)

-Conveners: Donald Danskin

time	[id] title	presenter
1:45 PM	[463] New View of Aurora from Space using the e-POP Fast Auroral Imager	Prof. COGGER, Leroy
2:15 PM	[513] CASSIOPE e-POP and coordinated ground-based studies of polar ion outflow, auroral dynamics, wave-particle interactions, and radio propagation	YAU, Andrew
2:30 PM	[531] The nature of GPS receiver bias variabilities: An examination in the Polar Cap region and comparison to Incoherent Scatter Radar	Mr THEMENS, David
2:45 PM	[566] Transmission of Waves from a High-Frequency Ionospheric Heater to the Topside Ionosphere	Dr JAMES, Gordon
3:00 PM	[578] Dawn-dusk asymmetry in the intensity of polar cap flows as seen by SuperDARN	KOUSTOV, Alexandre
