

The CERN Event Operations Center

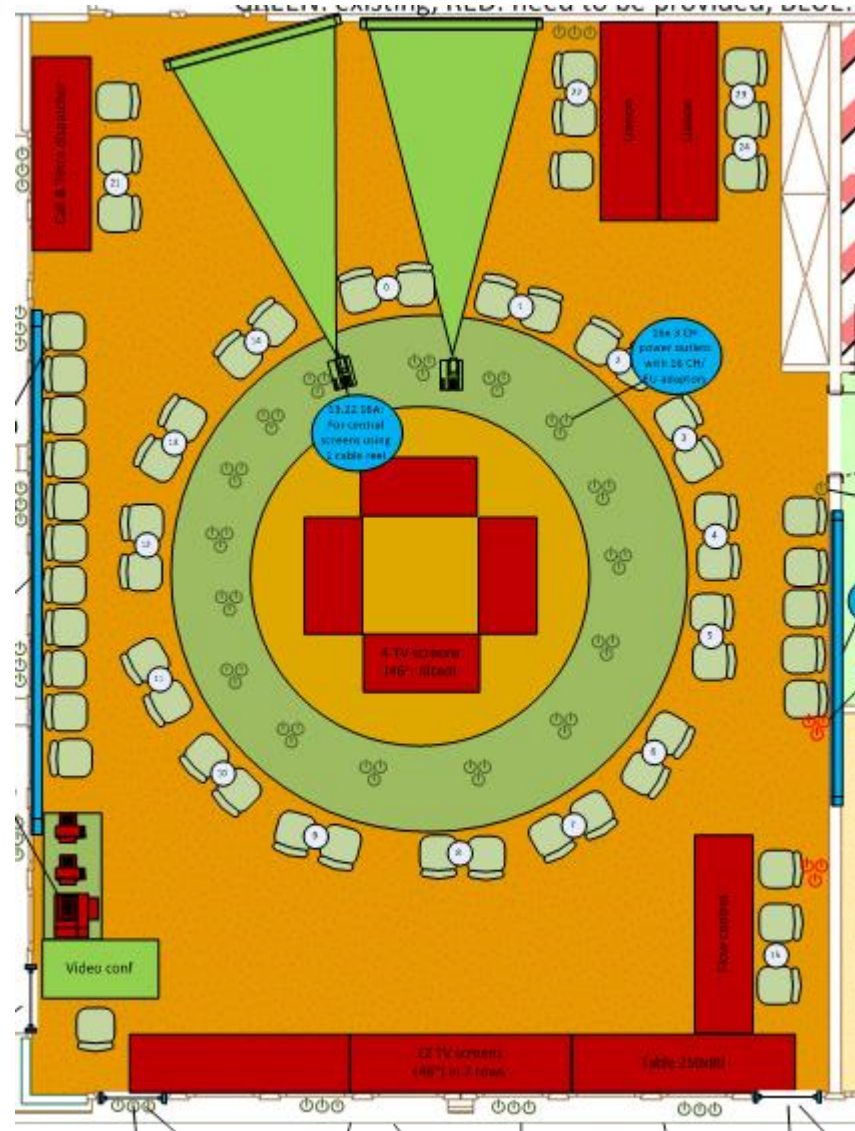

Stefan Lüders

Objective/Purpose

- ▶ Assure smooth & calm progression of a CERN Event
- ▶ Communication and decision centre for all organizational issues and events, intended or adverse, occurring during the Event
 - In particular, when unanticipated issues arise, or when events happen which can be adverse to the continuation of the Event
- ▶ Presence of all essential services
 - Event Management & CERN Crisis Cell
 - Fire Brigades (CERN, Geneva, l'Ain)
 - CERN Security Services
 - Police & Gendamerie (Geneva, Meyrin, F)
 - Medical Services (Geneva, l'Ain)
 - Transport Services (CERN, TPG, GVA Airport)
 - Liaison (CERN ServiceDesk, CERN CCC/TI, Sous Prefecture Gex, ...)

How does it look...

- ▶ Using 160 1-009 and 160 R-009
- ▶ 20 service areas with phones/VoIP, networking/laptops, secure power
- ▶ 18x 52" TV screens
- ▶ Two TETRA stations plus open conf. link to CERN fire brigade
- ▶ Printers & faxes
- ▶ Set-up time: 48h
