

EPS HEP 2015

Wednesday, July 22, 2015 - Wednesday, July 29, 2015

Scientific Program

The European Physical Society Conference on High Energy Physics (EPS-HEP) is one of the major international conferences that review every second year since 1971 organized by the High Energy and Particle Physics Division of the European Physical Society. The latest conferences in this series were held in Stockholm, Grenoble, Krakow, Manchester, Lisbon and Aachen.

In 2015 the EPS-HEP will take place in Vienna, Austria between 22 to 29 July. The conference 2015 is organized by the Institute of High Energy Physics (HEPHY) of the Austrian Academy of Sciences, the University of Vienna, Vienna University of Technology and the Stefan-Meyer Institute (SMI) of the Austrian Academy of Sciences.

Flavour Physics and Fundamental Symmetries

Higgs and New Physics

Top and Electroweak Physics

QCD and Hadronic Physics

Neutrino Physics

Astroparticle Physics, Cosmology, Gravitation

Heavy Ion Physics

Non-Perturbative Field Theory and String Theory

Detector R&D and Data Handling

Accelerators

Education and Outreach
