

## **Session Program**

**12-13 Jan 2015**

### **Compact muon sources**

#### ***Session 1: Muon production and accelerator technologies***

University of Huddersfield, Buckley Lecture Theatre

# Monday 12 January

13:55

## Session 1: Muon production and accelerator technologies

**Session** | **Location:** University of Huddersfield, Buckley Lecture Theatre

13:55–14:20 **Simulations of muon production targets**

**Speaker**

Dr Adriana Bungau

14:20–14:45 **HiMB: Towards a new high intensity muon beam**

**Speaker**

Peter-Raymond Kettle

14:45–15:10 **Muon beamlines and Target Technologies at J-PARC**

**Speaker**

Naritoshi Kawamura

15:10–15:35 **Future application of FFAG's for muon production**

**Speaker**

Yoshi Mori

15:35–15:45 **Discussion**

15:45
