

International Workshop on Breakdown Science and High Gradient
Technology (HG2015)

Contribution ID: 68

Type: **not specified**

**[Poster] the comparison of MD and FEM simulations
of tips on metal surfaces under a high electric field**

Wednesday, 17 June 2015 14:00 (4 hours)

Presenter: VESKE, Mihkel (University of Helsinki)

Session Classification: Industrial exhibition and poster session
