

International Workshop on Breakdown Science and High Gradient Technology (HG2015)

Friday, 19 June 2015

Basic HG theory - Jinchunyuan Guest House (16:00 - 17:15)

-Conveners: Jiaru Shi

time	[id] title	presenter
16:00	[44] Dark current and field emission study	Mr SHAO, Jiahang
16:25	[45] Long-term atomistic simulations of evolution of metal surfaces with and without an external electric field	JANSSON, Ville
16:50	[17] Basic Study on High-Gradient Accelerating Structures at KEK / Nextef	ABE, Tetsuo
