

Session Program

31 May 2015 to 5 June 2015

**Blois2015: 27th Rencontres de Blois on
"Particle Physics and Cosmology"**

EW + Top + Higgs

Gaston d'Orléans
Château de Blois, Blois, Loire Valley, France

Tuesday 2 June

16:00

EW + Top + Higgs: Parallel Session

Session | Location: Room II | Convener: Alison Lister

16:00–16:20 Recent Top Quark Results from the Tevatron

Speakers

Yvonne Peters, Yvonne Peters

16:20–16:40 Top quark mass measurements at the LHC

Speakers

Juan Fuster Verdu, Juan Fuster Verdú

16:40–17:00 Top-quark production at the LHC

Speaker

Javier Fernandez Menendez

17:00–17:20 Measurements of top-quark properties at the LHC

Speaker

Kelly Beernaert

17:20–17:40 Constraining top quark Z-boson couplings at the LHC

Speaker

Markus Christian Schulze

17:40–18:00 Top quark form factors measurements at the ILC

Speaker

Roman Poeschl

18:00–18:20 Search for rare top-quark decays at the LHC

Speaker

Filipe Almeida Veloso

18:20–18:40 Light Quark Composite Partners

Speaker

Seung J. Lee

18:40–19:00 Search strategies for heavy quark partners at LHC run-II

Speaker

Thomas Dieter Flacke

19:00
